Lieut. General Howard A. Craig  
Commandant, National War College  
Fort Leslie J. McNair  
Washington 25, D. C.

Dear Howard:

Colonel T. J. Walls, of your faculty, requested by telephone a copy of a CIA organization chart that could be used for reference by the students at the National War College.

The accompanying chart reflects this Agency's organization in broad outline. A more detailed presentation would have to be classified. However, despite the general nature of the enclosure, we do not believe it advisable to release it on an uncontrolled basis. Accordingly, it contains the control statement "For U. S. Official Use Only. Special Handling Required - Not Releasable to Foreign Nationals."

It is hoped that the enclosed chart will be of some use to the faculty and students of the College.

Sincerely,

*S/Peare*

MEMORANDUM FOR: DIRECTOR

Attached is a summary of the current status of appointments made under Public Law 53. The list also indicates commitments for future appointments which will require use of Public Law 53 authority. In addition it includes the names of officers on detail from the armed services who may be retired this year. Although our information is not entirely definite, there is some possibility that Generals [REDACTED] will be released during the next year. Officers whose retirement is classified as service connected or combat incurred do not count against the quota of fifteen authorized by Public Law 53.
